

DRINK POUCH BRIGADE™

This Is NOT Your Average Recycling Bin

This is a recycling bin to collect and reuse juice drink pouches. TerraCycle will create fashion bags and other products out of drink pouches that would have otherwise ended up in a landfill. Your contributions are greatly appreciated.

All drink pouches are accepted (juice boxes are NOT accepted). Below are examples of popular drink pouches:

Thanks to the generous sponsorships of Honest Kids and CAPRI SUN, a contribution of 2¢ for every drink pouch collected will be paid to the non profit organization of your choice.

INSTRUCTIONS:

1. Fill each UPS express pack with 100 drink pouches. Please cut open the bottom inside of the pouch, remove straw and rinse. Please see instructional video at www.terracycle.net/dpb/dpb.htm
2. Once the express pack is filled, drop it off at your local UPS store with the prepaid UPS postage attached (four stickers are included in this package).
3. Once we receive your filled packs we will send you new express packs to fill. This will be a perpetual process.

The pouches you help collect will be sewn together to make bags.
The bags will be available at participating retail stores.

Thanks again for helping eliminate the idea of waste!
