

# Classroom Management Plan

## Mrs. Kraft

Everyone starts out the day with 3 tickets.

If, at the end of the day they still have 3 tickets, they receive a red poker chip.

If they have 5 red poker chips they can be traded in for 1 blue chip.

If they have 5 blue chips they can be traded in for a black chip.

At the end of the week they are given the opportunity to shop in the appropriate baskets.

Behavior resulting in loss of ticket:

- not turning in homework
- excessive talking after 1 verbal or nonverbal warning
- pushing, hitting, tripping, using inappropriate language, etc.
