

NEXT WEEK:

READING:

We will continue to read Number the Stars. During this time, we will also supplement activities relating to the book, such as various map activities, journaling exercises, chapter review sheets, building vocabulary, etc. Students will take a vocabulary quiz every Friday, and there will be a final vocab test over all the words when we finish reading the book. Students have been given manilla folders to organize and save all of their work.

SPELLING:

Presidents' Names

LANGUAGE:

Review: capitals, commas, and possessives.
Creative Picture Writing

MATH:

We will review how to convert units of measurement.
The test will be planned for Thursday, May 13.
Please encourage your child to practice his/her skills on the VMath website! (www.vmathlive.com)

Dear Families,

Our class has nearly finished reading Number the Stars. The students have really seemed to enjoy the book and have been actively engaged and participating. We are currently in the process of making a computerized pretend photo album of characters of the book using iPhoto. Students have been collecting images on the web and will soon create a photo album if the book through their own imaginations. So far, they are doing wonderfully!

Our field trip to the St. Louis Science center is quickly approaching. The date set is Tuesday, May 18th. Thank you to all of those who are able to chaperone. We really appreciate it! If your child has not paid his/her movie admission fee, please send that as soon as possible so that tickets may be reserved. More details are still to come!

Have a great weekend!
Ms. Miller

DATES TO REMEMBER:

May 18 - St. Louis Science Center Field trip
May 27&28 - 2:00 Dismissal
May 31 - No School (Memorial Day)
June 2 - No school (Teacher Institute)
