

# Rewards

I want to catch your child being good and reward them for the exceptional behavior that they display!

Throughout the day I will be watching for students who go above and beyond. These students will be rewarded with a sticker on the chart on their desk. Students may accumulate any number of stickers during the course of a day, not just one at the end of the day.

Fill up a row on the chart and choose a treasure from the treasure box.

Fill up the entire chart and earn a new chart and a soda to drink during class!

Stickers may also be given to the best group of the day, the class as a whole when we are all doing an awesome job, or for receiving a compliment from another teacher.
