

Tri-City High School Credit Recovery Program

Tri-City High School offers a Credit Recovery Program that involves a completely computer based online curriculum that students may access from any location with internet services. Students may gain either full year or semester credits.

The cost of the program includes a certified teacher to allow students to seek answers regarding curriculum related questions. In addition, each student is assigned a mentor who will keep track of each student's progress to facilitate the completion of the course.

The program has an open enrollment policy which means students can enroll at any time during the course of the year. The cost of the program is \$125.00 per semester credit or \$200.00 for a full credit. For more information regarding the program please contact Christy Kindel at kindel@tricityschools.org or 217-364-4530. More information is also available on our website at: <http://tricityschools.org/index.php/hs-credit-recovery>
